

# DZ LOADING DOCK PLATFORM

EASILY STAND-UP FAST TURNAROUND DISTRIBUTION ANYWHERE NEEDED - WITHOUT CONSTRUCTION.

## WHAT'S COOL:

- Patented Impact Resistant Design
- Elevated Dock Height Workspace
- Staging Space on Loading Deck
- Freestanding Distribution

## WHY IT'S IMPORTANT:

- Absorbs trailer impact forces without skidding out of place
- More space for forklifts to offload, sort, & transfer goods
- Stage loads instead of going back & forth to building storage
- Set up on any property and add docks or reconfigure as needed

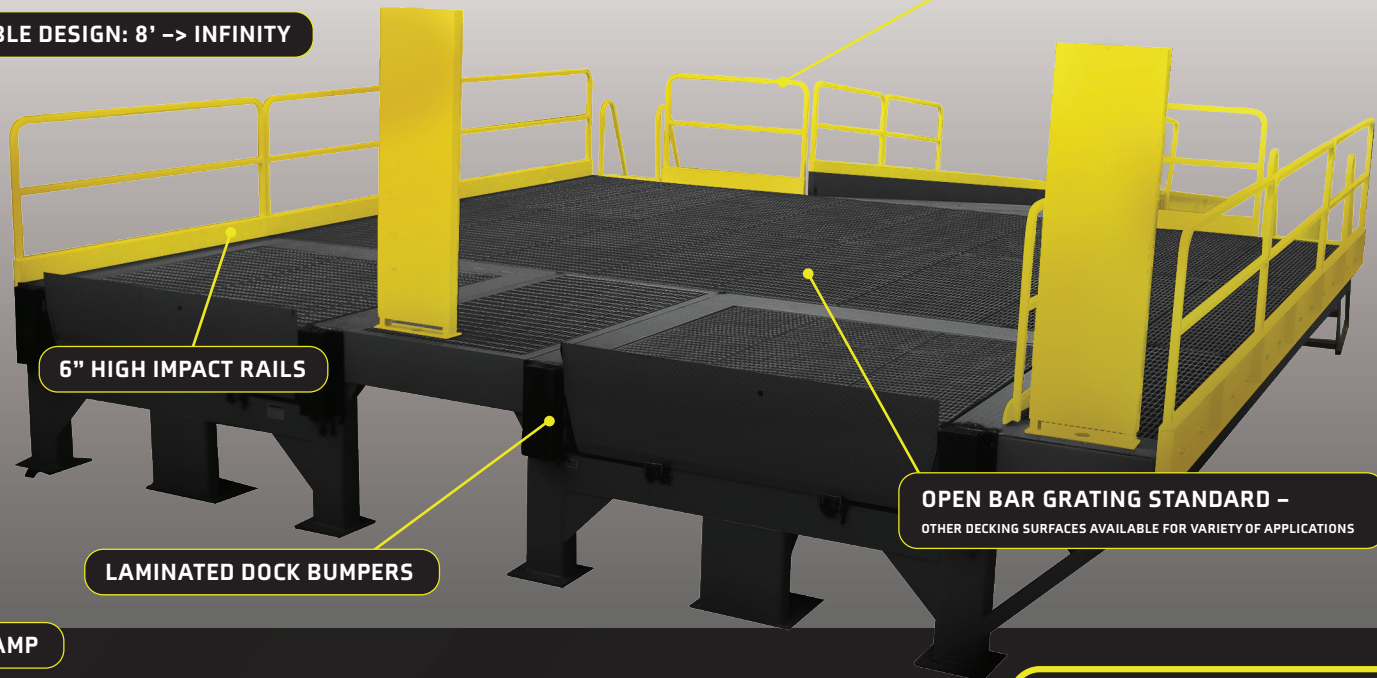

## WHY IT'S WORTH IT:

- Increase employee safety & productivity
- Increase productivity & turnaround times
- Reduce redundant forklift trips
- Get hi-speed loading ops anywhere
