

DZ MOBILE LOADING DOCK

COMBINING MOBILITY WITH THE SAFETY* AND PRODUCTIVITY FEATURES OF PERMANENT LOADING DOCKS

WHAT'S COOL:

- Patented Kingpin Engagement to Move
- Patented Automatic Wheel Placement
- Simplified Mobility & Low Maintenance
- Architectural Structure per OSHA/IBC

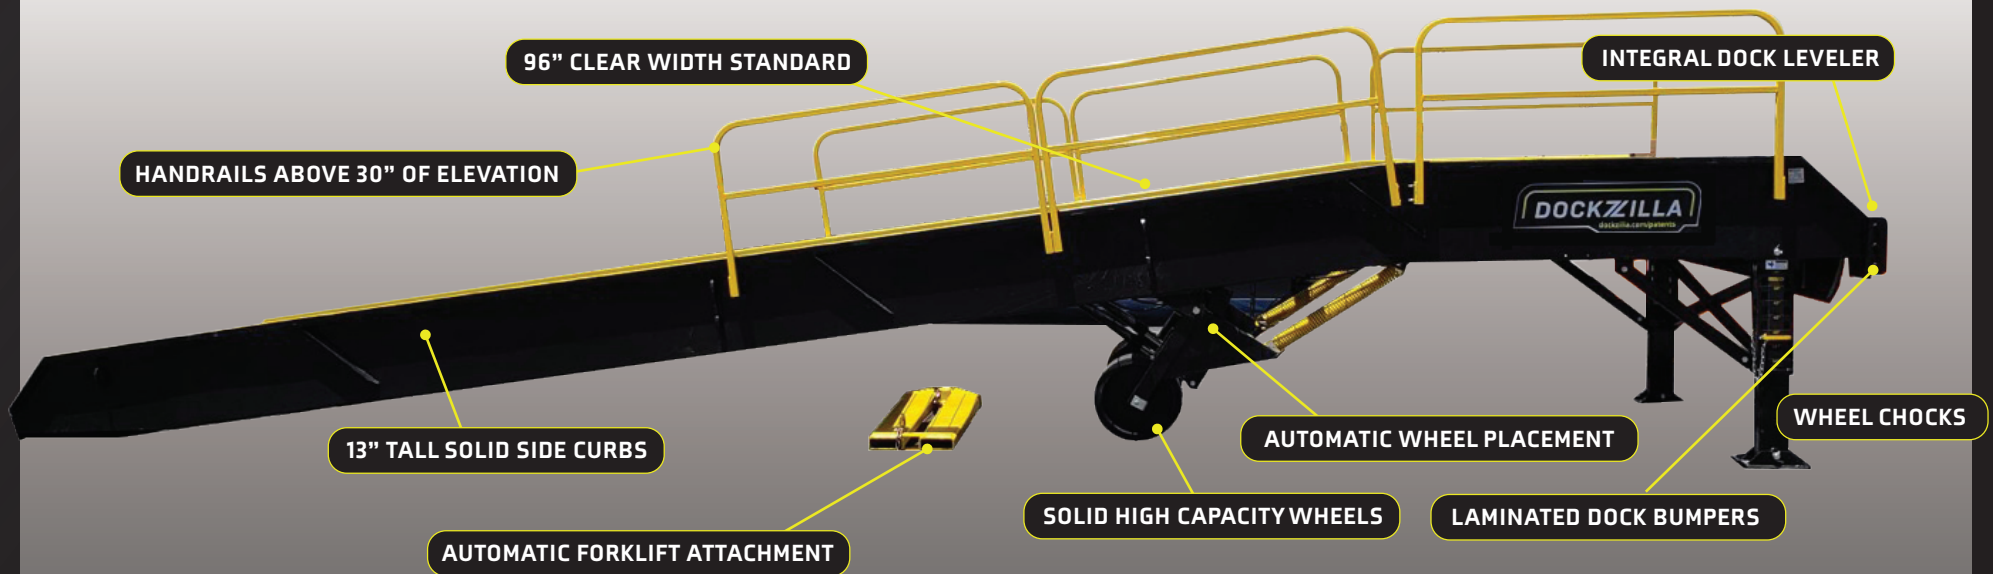

WHY IT'S IMPORTANT:

- Forklift connects kingpin without operator physically involved
- Forklift raises ramp to position wheels without employee involved
- Solid 20" never-flat wheels ensure no flat tire during loading ops
- Patented adjustable-height front legs, handrails, guardrails, tall curbs

WHY IT'S WORTH IT:

- Hands-off engagement protects operator
- No strenuous manual pumping needed
- Carefree to move & use plus cost-savings
- Minimize employee & forklift hazards
