

DOCKZILLA EXTERIOR DOCK HOUSE **vs.** PIT STYLE DOCK LEVELERS

Exterior Dock Leveler Design Promotes Cleaner Loading Bays

DOCKZILLA EXTERIOR DOCK LEVELER

- Modular open frame outside of building
- Allows open access to debris for easy disposal
- **Result:** Maintains productivity and reduced expenses to hire cleaning team

INTERIOR PIT STYLE DOCK LEVELER

- Garbage builds up over time underneath dock pit
- Area is closed off due to inherent danger of crawling underneath dock
- To clean this area, loading operations need to be shut down
- **Result:** Lost productivity and expense to hire cleaning team

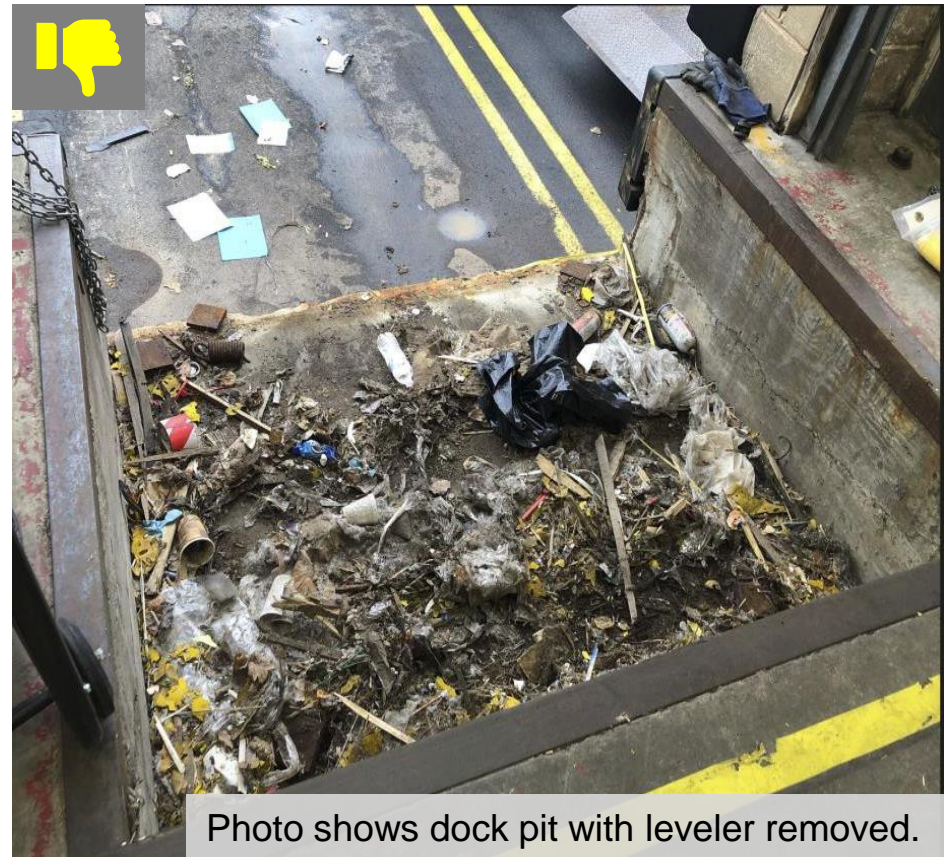

Photo shows dock pit with leveler removed.
